Don't Just Throw Away Your Personal Information—Shred It!

On Saturday, October 8, the Adolfo Camarillo High School Recycle Club and the Pleasant Valley Recreation and Park District will host a secure paper-shredding event at the Camarillo Community Center, 1605 Burnley Street, from 9 a.m. to 12 noon. Thanks to a partnership with RSI Shredding, this free program is available to all City residents and businesses.

Discarding personal and confidential information with your trash is a dangerous practice that can lead to identity theft. Shredding documents that contain Social Security numbers and other identifying information, including credit card statements, applications, receipts, medical records, bank statements, tax and other legal documents, is one of the best ways to protect your personal and financial information.

A per-customer maximum of six boxes or 12 grocery bags of paper—no trash, please—will be shredded at no charge. There will be a \$4 charge for each additional box. Documents will be shredded onsite in a specially marked RSI shredding truck before delivery to a recycling center. Customer boxes will be returned to participants for reuse after their paper is collected. For more information on this program, please call Susan Belluschi at (805) 278-0162.

If You've Got E-Waste, We Want It!

Mark your calendar and get ready to clear out those closets, cupboards and the garage where you may have stored a decade's worth of obsolete computers, printers, fax machines and other electronic equipment. On Saturday, September 24, the Pleasant Valley Recreation and Park District will host an electronic waste (e-waste) collection event at the Camarillo Community Center, 1605 Burnley Street, from 9 a.m. to 1 p.m. This free event, which will be held rain or shine, is available to all City residents and businesses, free of charge, and no appointment is needed.

You probably know that old electronics shouldn't be disposed of in landfills because many of their components, such as circuit boards, batteries, and cathode-ray tubes (CRTs), usually contain hazardous materials which can be released into the environment. Proper handling is necessary to ensure that toxins such as lead, mercury, and chromium can't pose a threat to human and animal health. That's where this collection event can help.

In addition to computers, printers and fax machines, the following recyclable items will be collected: DVD players, keyboards, MP3 players, power supplies, server cabinets, stereo equipment, TVs, walkmans, pagers, printers, speakers, telephone equipment, vacuum cleaners, wireless devices, monitors, scanners, video game systems, audio/visual equipment, cellular phones, copiers, digital cameras, and computer components.

Sorry, household/commercial appliances such as refrigerators, washers and dryers, or any hazardous material waste (such as paint) are not acceptable. For more information about this event and other safe-disposal opportunities, please the event operator at (805) 499-0050.

Don't Miss This Bin and Barrel Sale!

On Saturday October 22, the County of Ventura and City of Camarillo, along with other area cities, will host a backyard compost bin and rain barrel truckload sale at the County Government Center, 800 South Victoria Avenue, Ventura, in the Hall of Administration parking lot. The Earth Machine Compost bins will sell for \$43 each and System rain barrels will cost \$57 each. The sale is on from 9:30 a.m. to 3:30 p.m. and quantities are limited, so it's a good idea to arrive early.

Compost bins have been promoted for years as a tool to help residents reduce the amount of yard clippings and food waste they set out at the curb. Composting yard clippings at home is a more energy- and resource-efficient way to handle the waste than transporting, processing, and selling compost commercially.

Rain barrels are a great way to reduce water consumption. They connect to downspouts on your house, capture the rain falling on your roof and store it for later use. Before draining into the 55-gallon barrel, the water is screened to prevent leaves and twigs from getting in. The screen also stops mosquitoes from breeding in the stored water. Properly constructed and maintained rain barrels have lids screwed or bolted down to prevent children and small animals from getting into them. When your plants get thirsty, just attach a hose to the bottom of the barrel and let gravity push the water out.

For more information, please visit www.wasteless.org.

Ready for Rain? Slopes and Drains Must Be Maintained!

V-ditch in need of vegetation removal.

City of Camarillo residents are encouraged to get ready for the coming rainy season by ensuring that slopes on their property are maintained and drainage facilities are properly cleaned out and kept clear of debris. Failing to maintain private slopes or drainage facilities, such as V-ditches, drain inlets and lines, may result in damage to the homeowner's property as well as to downhill neighbors.

The sediment and various pollutants that erode from slopes or that come out of private drains, end up in the storm drain system. Once there, they find their way into our creeks and end up in the ocean without treatment, thus impairing the water and possibly harming aquatic life.

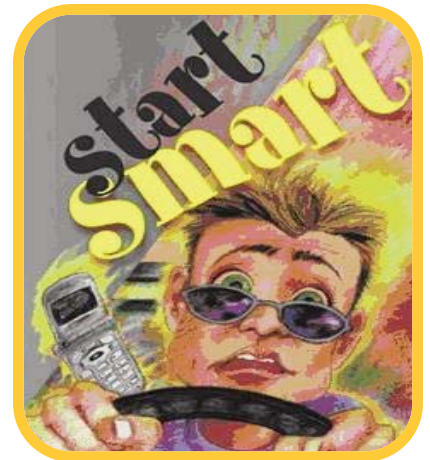

For additional information regarding stormwater pollution and erosion control, or to report potential stormwater problems, please call the City's Stormwater Program Manager at (805) 383-5659.

"Start Smart" Class for Teenage Drivers

Classes are forming now for the "Start Smart" program, a driver safety education class hosted by the Camarillo Police Department which targets new and future licensed teenage drivers between the ages of 15 and 19. Start Smart is a cooperative effort of the California Highway Patrol, Camarillo Police Department, teenage drivers, and their parents.

Start Smart is designed to help young drivers and their parents/guardians understand the responsibilities associated with driving a motor vehicle. The program will demonstrate how a poor choice behind the wheel can change the lives of everyone involved. The goal is to raise awareness and to reduce the number of teen-related injuries and deaths caused by traffic collision.

This free class, which is limited to 20 students and their parents, will take place at the Camarillo Police Station, 3701 E. Las Posas Road. For more information, or to reserve your spot, please call the Camarillo Police Department's Community Resource Unit at (805) 388-5155.

New drivers need to Start Smart.
Enroll your young driver in a Start Smart program today.

2011/12 Budget

Fall Programs at the Camarillo Library

Special Events

Writing and Publishing Series co-sponsored by the **California Literary Arts Society** - Thursdays in September at 7 p.m. in the Community Room. 9/1: Self-publishing; 9/8: Freelance writers' panel; 9/15: Memoirs; 9/22: Blogging; and 9/29: Two steps to publishing success.

Emergency Expo – September 17, 2011

On September 17, the City of Camarillo and Camarillo Latter Day Saints Church will co-host an Emergency Expo for residents, from 9

a.m. to 4 p.m., in Constitution Park and on the large field at the church, 1201 Paseo Camarillo, adjacent to City Hall. The Expo will have something for everyone, including emergency responders, supplies, exhibits, demonstrations, and activities for children. Participants will include the Ventura County Fire and Sheriff's departments, VC Emergency Medical Services, DART and CERT programs, a scheduled landing by a VCFD helicopter, and much more! The first 200 people who attend the Expo (and visit the exhibits) will receive a free T-shirt and a *Ready Ventura County* bag. For more information, please call (805) 388-5349.

Camarillo Art & Jazz Festival

Camarillo Old Town is proud to host the Camarillo Art & Jazz Festival, Saturday, September 24. The historic district comes alive beginning at 10 a.m. with a juried art walk along Ventura Boulevard, featuring art displays in participating shops and restaurants. This year's musical event will include the annual Evening Under the Stars Concert, a wine garden, beverage garden and gourmet food for patrons.

Bobby Caldwell and Blue Moon Swamp Band, a Creedence Clearwater Revival tribute band will co-headline the concert beginning at 8:15 p.m. Led by Dan McGuinness, Blue Moon Swamp treats audiences to a powerful, authentic musical journey through some of the best American rock 'n' roll music ever recorded. McGuinness' remarkable ability to take the best of John Fogerty and make it his own adds incredible depth and richness to the concert experience, making Blue Moon Swamp a dynamic and visually entertaining live event for all audience types.

Bobby Caldwell's live performances are always electrifying! Drawing from his vast repertoire of R&B, smooth jazz, and big band songs, Bobby entertains fans of all ages.

Tickets are \$25 presale or \$30 at the gate and include festival seating, so bring your blanket or lawn chairs. For more information or to purchase tickets, please visit www.camarilloartandjazz.com.
